## SS3525PTHD-SSC710HDRB Heavy Duty Bag Closing Heat Sealer

The SS3525PTHD-SSC710HDRB **Sealer and Conveyor** is designed for **Large Bag Packaged** products used in the pet food industry; these machines work very well with filling and bag/sack placing lines. They are perhaps the best solution for your **Heavy Duty Seal and Trim** applications.

### Machine Features:

- Seals virtually all heat sealable materials
- Stainless Steel and Anodized Aluminum Construction
- Sealed Bearings
- Pinch Roller system for side gusset bags
- Trim above seal line
- Trim scrap blower
- Illuminated On/Off Switch
- Food Grade Belting
- Product Support Belts
- Stainless Steel Frame
- Locking, Swivel Castors
- Adjustable Sealing Head Height
- Adjustable Conveyor Height
- High quality DC Gearmotor
- Emergency Stop Button

### Machine Specifications:

- Speed: Variable to 600 inches per minute
- Laboratory Quality Temperature Controls: Variable and Tamperproof
- Sealing Bands: Low Cost, Teflon/Fiberglass.
- Seal Width: Standard 3/8" (Available from 1/8" to 9/16" at no charge)
- Electrical requirements: 240 Volt, 60Hz, Single Phase

### Available Options:

- Chilled Air Cooling for high-speed applications
- Chilled Water Cooling for high-speed applications
- Date Coding
- Trim Scrap Chute
- Product Counter
- Digital Speed Indicator
- Process Validation
- Left to Right Feed
- Articulated Feet
- Ontario Hydro Approval
- Roller Staging Area on Conveyor
